Subject: Public outreach

Hi Wayne,

Thanks for coming in yesterday. As I noted, our Office of Public Affairs handles public outreach and press matters. The principal contact in OPA is Jim Vreeland, who can be reached at vreeland.jim@epa.gov or 415-947-4298. As I also noted, EPA would not likely be very active in public outreach on this project until we reach the proposed permit stage.

Don't hesitate to contact me or Adam if you have any questions.

David
